THE BASICS

44UVBA902

WATERPROOF FABRICS

Sample book 15103

For easy cleaning of diffusers and lampshades made with our fabrics, a totally waterproof surface finish can be applied. Specially interesting for the HORECA market. Applicable only to light colours. Photos show only a few examples.

22RVBA852516

DOUBLE SIDE: FABRIC & INTERIOR PAPER COLOR FILTER

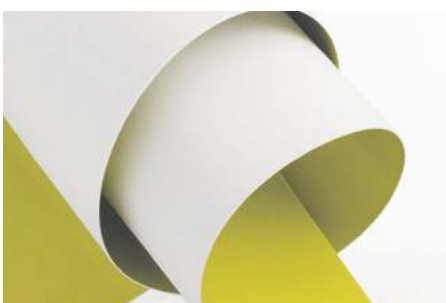

Sample book 15103

As in the case of double side fabrics, endless combinations are available. Paper color filters allow a better transparency than most of fabrics with similar excellent quality at lower cost. Get the color and transparency nuances you need for your project with our 50 different color filters proposed.

56NVPA548901

DOUBLE SIDE: FABRIC & INTERIOR CERAMIK

Sample book 15103

Ceramik is a material based in our paper color filters. Both our Keramik patent effect and our matt version of it provide a modern and cool touch. Again, some 50 tonalities are available to combine with hundreds of any of our fabrics and colours on the opposite side.

Articulos
